

The Azurite 2 is the next generation linear LED light from SH Lighting, incorporating the latest LED technology and on board driver control.

Compact unique design fully enclosed and fully encapsulated electronics. Unrivalled performance from compact design.

- > **Aluminium extrusion matt silver anodised.**
- > **Impact resistant Polycarbonate Lens.**
- > **Stainless steel fixings.**

Designed to meet:

EN 60598-1, EN55015, EN610003-2, EN610003-3, EN62471, EN62031, EN61347-1, EN61347-2-13, EN61547

FEATURES

- **Unique On-Board driver technology.**
- **Weatherproof to IP67.**
- **Unique low profile design.**
- **Wide input range 12-24v DC.**
- **Standard IP20**
- **Option of Fully encapsulated electronics.**
- **High out-put Edison LEDs.**
- **Available in Warm, Neutral and Cool white.**
- **Unique wipe down design conforming to food standard Applications.**
- **5 year/50,000hrs warranty.**
- **Available with various mounting options.**
- **Available in various configurations: 100, 200, 300, 400, 500, 600, 1000 & 1200mm lengths**

TECHNICAL INFORMATION

MODEL	LIGHTSOURCE	LUMEN OUTPUT	IP RATING	DRIVE CURRENT	TEMP °C RANGE
ALL	EDISON LEDs	1400lm avg.	Up to IP67	12v DC 24v DC	Min -50° C Max +40° C
